

Importance Notice: Ride To Own Ponzi Scheme

It has recently been brought to Auto-Xtreme's attention that a wave of fraudulent activities is taking place in the auto-motive industry.

These incidents serve as a sombre reminder of the pervasive, financial fraud schemes that exist within the industry. We are disheartened to acknowledge that one of our own has fallen victim to the deceitful actions of these unscrupulous individuals. A formal investigation has begun.

Over the course of our 18-year history, we have taken great pride in our ability to facilitate the successful sale of thousands of vehicles, recognising the paramount importance of the trust our customers place in us.

It is imperative that we utilise these unfortunate incidents as an opportunity to raise awareness and caution others in the industry and beyond. We urge everyone to remain vigilant and take proactive measures to protect themselves from such malicious schemes. By promoting transparency, implementing robust safeguards, and encouraging open communication, we can collectively work towards creating a secure environment for all.

At Auto Xtreme, we unequivocally condemn any form of fraudulent activity.

We want to assure our valued customers, partners, and the community at large that we are firmly committed to upholding the highest ethical standards and maintaining the trust that has been placed in us throughout the years. Integrity and accountability are fundamental values upon which our business was founded, and we are steadfast in upholding these principles as we address these unfortunate incidents.
